

WELL REPRESENTED

Will be Congress at the Republican National Convention.

WILL BE CALLED TO ORDER

By Senator Marcus Alonzo Hanna. Twenty-one senators and eleven congressmen to be present as delegates.

PHILADELPHIA, Pa., June 14.—

Congress will be well represented in the Republican national convention. As chairman of the Republican national executive committee, Senator Hanna will call the convention to order. Senator Wolcott is to be the temporary chairman of the convention, and it is understood that Senator Foraker is to be chairman of the committee on resolutions to frame the national platform.

Some Able Legislators.

Among the delegates-at-large will be Senator Wolcott, of Colorado; Senator Shoup, of Idaho; Representative Cannon, of Illinois; Senator Fairbanks, of Indiana, who is to make the speech nominating President McKinley; and Senator Beveridge, of the same state; Senator McComas and Representative Mudd, of Maryland; Senator Lodge and Representative McCall, of Massachusetts; Senators Davis and Nelson, of Minnesota; Senators Platt and Deppew, of New York; Senator Thurston, of Nebraska; Senator Gallinger, of New Hampshire; Senator Sewell, of New Jersey; Senator Prichard, of North Carolina; Senators Hanchbrough and McComber, of North Dakota; Senator Carter, of Montana; Senator Foraker, and Representative Grosvenor and Dick, of Ohio; Representative Mondell, of Wyoming.

Senator Penrose is a delegate from one of the Pennsylvania congressional districts, and Representative Bingham from another. Representative Lorimer, of Illinois, is one of the delegates from the district he represents in Congress. Representative Payne is a delegate from the XXVIIIth, New York congressional district; Representative G. N. White from the second North Carolina district, and Delegate D. T. Flynn, from Oklahoma.

Among the contestants for seats in the convention is Representative Aldrich, of Alabama. The foregoing list foots up twenty-one senators—more than two-fifths of the total Republican membership of the United States senate—eleven representatives and one delegate.

MUCH DISTURBED

Are the Alabama Contesting Delegates in Refusing Them a Place on the Temporary Roll.

PHILADELPHIA, Pa., June 14.—The contesting delegations to the Republican national convention are very much disturbed over the action of the national committee last night in refusing the Alabama men a place on the temporary roll of the convention. They express the fear that they may be unable to obtain seats in the convention, as in the rush of proceedings the committee on credentials may not wish to take very much time in examining the merits of the cases. Many of the contesting delegations are to-day importuning members of the committee to decide their cases one way or another in order that the states may have full representation in the preliminaries of the convention.

Want to Discourage Contests.

The action of the committee in the Alabama cases is said to have been largely inspired by a desire to discourage contests, as it makes little difference this year which way the decision goes the committee thinks it would be a very good time to inaugurate a reform. One member of the committee has suggested that the various contesting delegations should be made to agree among themselves or be refused admission to the convention, but the feeling displayed in many of these factional fights makes such a course highly improbable.

Don't Want to Bring in the President

While there may be some discussion on the resolution introduced by Mr. Payne yesterday, requesting the President to investigate the interference of federal office-holders in Alabama politics, that is all that is likely to come of it. In discussing the subject to-day Senator Hanna remarked that there were enough investigations going on now and he saw no necessity for bringing the President into the matter of the selection of delegates. Other members of the committee are of the same opinion and they doubt the propriety of passing such a resolution.

NICARAGUA TROOPS

Being Concentrated in Anticipation of a War With San Salvador—May Begin at Once.

MANAGUA, Nicaragua, May 30.—President Zelaya, of Nicaragua, is again concentrating a large number of troops, many cannon and a big quantity of military supplies in the departments of Chinandega and Leon, along the Pacific coast, as if in anticipation of a war with Salvador which might commence about the middle of June or early in July. The President and his cabinet have about completed arrangements to enable them to leave this city in a few days and reside for about one month in Chinandega and Leon, the governmental departments accompanying them. But, this fact, it is argued, is no reason why 2,000 or more soldiers should be concentrated in those civil departments.

Many Refugees Arrived.

Many refugees have lately arrived in this country from Salvador, and the influx continues. It is hinted that probably it is intended to organize a body of Salvadoreans, procure rifles and cannon from Nicaragua and in conjunction with Nicaraguan soldiers make an effort to overthrow the government of Salvador.

Such a war would involve Nicaragua

Salvador and most likely Guatemala and Costa Rica.

To Resist Attack From San Salvador.

It is suggested that President Zelaya is getting ready to resist a possible attack from Salvador, but the influx of so many immigrants into Nicaragua from Salvador leads to the belief of a contemplated attack on the latter government.

The coffee just gathered—crop of 1899—in Nicaragua is being moved from the plantation to the sea coast with much greater rapidity than in former years. This celerity is taken to indicate a desire to leave the laborers free to be impressed into the army.

Prevented a Tragedy.

Timely information given Mrs. Long of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors, but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for cure of the throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. Trial bottles sent at Degan Drug Co.'s drug store.—5

FINANCE AND TRADE.

The Features of the Money and Stock Markets.

NEW YORK, June 14.—Money on call easy at 1½¢ per cent; last loan, 1½¢ per cent.

Prime mercantile paper, 3½¢ to 4½¢ per cent.

Sterling exchange steady, with actual business in bankers' bills at \$4.87½.

For demand, and at \$4.84½ to \$5 for sixty days; posted rates, \$4.85½ and \$4.88½; commercial bills, \$4.84 to \$4.84½.

Silver certificates, 60¢ to 61¢.

Bar silver, 60½¢.

Mexican dollars, 47½¢.

Government bonds steady.

State bonds inactive.

Railroad bonds steady.

It would be difficult to find a salient point in to-day's stock market on which to hang an intelligent opinion of the conditions and prospect. The trading was a step nearer to the point of absolute stagnation, and the movement of prices throughout showed the doubt and hesitation just as it has for some time past. Prices are lower on the day, but the losses serve as little to carry conviction of any underlying weakness in the market, as did yesterday's gains of any strength. Certainly there was no heavy liquidation pressing upon the market to-day. Sales were quite inappreciable, which were made for any other account than that of small room traders, who would eagerly close a contract if they saw a profit of ¼ or ½ in the change of the price. The dullness became so portentous that the bear traders began to divine all sorts of damaging possibilities, the best defined of which was an impending commercial failure, mounting up into an indefinite number of millions. Diligent inquiry on the trail of this rumor led into bucket shops, where the trail was lost. The foreign stock markets were in the same condition as the New York market as to the dullness of the speculative interest, but showed some earnestness on the reduction in the Bank of England discount rate. Private discount rates in London went lower, and the hardening of the rate in Berlin and the further easing of sterling rates both in Paris and Berlin seemed without effect on the London money market, which is apparently reconciled to surrendering some of its supply of gold to Paris. The Bank of France showed a further reduction of its note issue and a further contraction of its loans for the week, notwithstanding a further increase in its gold supplies of over \$500,000. The demand for time money in New York for the longer periods up to seven and eight months was distinctly greater. The supply to meet the demand was apparently ample. The sub-treasury statement showed a gain for yesterday of \$3,728,000, as a result of the payments for the gold bars, which were exported on to-day's steamer to France. Apparently the banks have not made any remittance to the government institution as yet in response to the call of the treasury department for \$5,000,000 for government deposits. Money is still moving in large volume from the interior to New York, and unless the taking up of the government deposits is to figure in the Saturday bank statement the cash changes for the week are likely to be small.

There were only slight changes in the prices of bonds on a very small volume of business. Total sales, par value, \$29,000.

United States bonds were unchanged in bid quotations.
